

Dagon University  
Min Ye Kyawswar Street,  
52 Quarter, East Dagon Township,  
Yangon, Myanmar

Dear Colleagues,

We are pleased to announce that abstract submission is open for the 5th International Conference on Substantial Scientific Collaboration of Ocean and Earth Sciences between Myanmar and China (SSCOE 2022/OES 2022). The hybrid conference (Online-Offline Format) will be held in Dagon University, Myanmar during 14-15 Nov 2022.

**The deadline for all paper submissions is 15 October 2022.**

This conference will be a center of attraction to share more knowledge and experiences for Professors, Scientists, Speakers, and Students from Myanmar and China and other countries.

The conference theme: Latest research and results related to in Ocean and Earth Sciences and to promote cooperations between universities and educational institutions between Myanmar and China

We cordially invite friends old and new to participate in the SSCOE 2022/OES 2022 to share and improve their experience through keynote lectures, oral presentations and posters. Confirmed keynote speakers include:

**Dr. Sone Han**

President of Myanmar Geosciences Society, Myanmar

**Dr Xixi Zhao**

Professor, Southern University of Science and Technology, China

**Dr. Aye Ko Aung**

Professor, Dagon University, Myanmar

**Dr. Xiwu Luan**

Professor, Shandong University of Science and Technology, China

**Dr. Sun Zhen**

Professor, Senior Researcher, Key Laboratory of Marginal Sea Geology, South China Sea Institute of Oceanology, Chinese Academy of Sciences, China

**Mrs. Hla Hla Aung**

Patron of Myanmar Earthquake Committee, Myanmar

**Dr. Feng Zhou**

Professor, Second Institute of Oceanography, China

**Dr. Qin Wang**

Professor, School of Earth Sciences and Engineering, Nanjing University, China

**Dr. Myint Win Bo,**

President & CEO, Bo & Associates Inc. Consulting Engineers  
Adjunct Professor in Geotechnical Engineering,  
York University & Toronto Metropolitan University, Canada.

To provide all participants with the most valuable experience, geologic fieldtrips and special free workshops are being furiously organized at present.

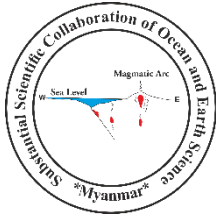

Stay tuned for more updates on our website: <https://www.dagonuniversity.edu.mm>

If you have any questions, please do not hesitate to contact us ([sccoe.cotact@gmail.com](mailto:sccoe.cotact@gmail.com); [smlwin.sm@gmail.com](mailto:smlwin.sm@gmail.com); [yezaw24593@gmail.com](mailto:yezaw24593@gmail.com); [thetpaingsoetps9@gmail.com](mailto:thetpaingsoetps9@gmail.com)).

We look forward to welcoming you to the 5th International Conference on Substantial Scientific Collaboration of Ocean and Earth Sciences between Myanmar and China (SSCOE 2022/OES 2022) in Dagon University, Yangon, Myanmar.

All the very best,

Organizing committee for the 5th International Conference on Substantial Scientific Collaboration of Ocean and Earth Sciences between Myanmar and China (SSCOE 2022/OES 2022).

Dagon University

Yangon, Myanmar

**First announcement for the 5th International Conference on Substantial Scientific Collaboration of Ocean and Earth Sciences between Myanmar and China (SSCOE 2022 or OES – 2022)**

Dear Colleagues,

On behalf of the organizing committee, we are pleased to announce that the 5<sup>th</sup> International Conference on Substantial Scientific Collaboration of Ocean and Earth Sciences between Myanmar and China (SSCOE 2022/OES 2022) will be held from November 14<sup>th</sup> to 15<sup>th</sup>, 2022 at Dagon University, Yangon, Myanmar.

The aim and objective of SSCOE 2022/OES 2022 are to present the latest research and results of topics related Ocean and Earth Science fields and to promote understanding of the origin, structure and evolution of these fields. This conference provides opportunities for the delegates to share and improve their experience, to promote cooperations between universities and educational institutions, to conduct joint research in cultivating innovative talents in the ocean and earth sciences, as well as to find global partners for future collaborations. The outcomes of the conference will lead to significant contributions to the core technology and knowledge exchanges in frontier scientific fields.

The Conference will open on 14 November 2022 and will be preceded, on 15 November 2022. In accordance with the conference theme, the four main topics of the conference are:

Track 1 Geology and Geography

Track 2 Chemistry, Physics and Mathematic

Track 3 Biology

Track 4 Other related subjects

Anyone who has been accepted to the program and has registered at <https://forms.gle/gaCyF1GEmtolErpC7> for the conference can participate in the conference. For more information, please visit the website <https://www.dagonuniversity.edu.mm>

Please note that, abstracts and full-texts sent to the conference will be published in an abstracts volume and selected manuscripts will be published in the Proceeding of the 5<sup>th</sup> International Conference on Substantial Scientific Collaboration of Ocean and Earth Sciences between Myanmar and China.

We are looking forward to welcoming you to the 5<sup>th</sup> International Conference on Substantial Scientific Collaboration of Ocean and Earth Science between Myanmar and China (SSCOE 2022/OES 2022) will be held at Dagon University, Yangon, Myanmar.

We will meet and host you when you arrive at Yangon.

Sincerely Yours,

A handwritten signature in black ink, appearing to read 'Soe Moe Lwin', with a horizontal line underneath.

Prof. Dr. Soe Moe Lwin

Chairman of the 5th International Conference on Substantial Scientific Collaboration of Ocean and Earth Sciences between Myanmar and China (SSCOE 2022/OES 2022)
